“On the table spread the cloth,  
Let the knives be sharp and clean;  
Pickles get, and salad both,  
Let them each be fresh and green.  
Bring the cheese, and grate it fine,  
O ye gods! how I shall dine!”

# MIDNIGHT FEASTS

*Up and down the line, from youth to old age, there are none but seem to be eager for light on culinary subjects. As it is evidently such a source of perennial interest to all, naturally many of us feel that we may have a message of special service—that might possibly be considered the “best ever”—to promote information along these lines.*

*There are few social relaxations that are pleasanter than midnight suppers, and they have always had a certain secret fascination, as of forbidden temptations. With those who are fond of fun, laughter and a good deal of nonsense, and especially with those whose digestions are in good working order, there is nothing so popular.*

*There was a time, in benighted ages, when it was considered the height of indiscretion to eat late at night, but in these advanced times, old-fashioned theories are gradually passing, and in eliminating one stupidity after another, we have come to consider suppers at night, after a sociable evening of any kind, both wholesome and beneficial. If we are hungry we are unhappy, and according to the most sensible philosophy, why should we go to bed unhappy, when alleviation lies right at hand, in our pantry?*

## Midnight Feasts

*To the college boy and the college girl, these late repasts are the very soul of their good fellowship, and not only do they lavish here the very best of their friendship, but the very best of their wit and brains. In fact, if the truth were known, all up-to-date people like these little "lay outs" and indulge in them night after night, not only with the keenest relish and appetite, but with no after doleful repentance.*

*We hear the cry all over the land, that people are no longer doing as their forefathers did, and progress and cookery are bound to go hand in hand. Still there are always the conventional ones, and the doubting ones, and to these there is the assurance that many of the new ideas contained in this little book are really old ones, dressed in modern taste, and all are unusually good and sure to bring forth, even from the most skeptical, delicious thrills and ecstasies of delight.*

*To blend a salad is a work of art and the highest perfection lies in simplicity. The creative qualities required in this kind of culinary effort are peculiar, and have a standard of their own. It really requires a person of ideas to concoct a perfect salad, so much depends on the blending and the seasoning—not as to salt and pepper alone, but in the delicate flavor it is possible to impart by a judicious combination of relishes. A subtle*

## Midnight Feasts

*sense in this difficult mixing, with no guessing as to the result, glorifies the most commonplace materials.*

*The blue flame and copper kettle are most popular wherever informality and sociability reign. The chafing-dish is such a dependable little asset in all sorts of entertaining that its lure is felt by everyone. Boys and even men, real manly men, find in it genuine sport, if they only have the nerve to acknowledge it, and to openly avail themselves of its fascination.*

*All the attractive hot dishes this little book contains, can be cooked in the cosy little chafing-dish. There are some that are simplified from old-time methods of scientific cookery, or as it might be called "scientific drudgery," that can now, according to "Midnight Feasts," be prepared with little trouble and comparatively small expense. The creed of everyone in selecting from these good things combinations for their spreads, should be to choose two things that harmonize from a gastronomic standpoint. This will require a little preliminary planning, but the success and attractiveness of your feasts depend on making things balance in this way. With a hearty chafing-dish concoction use a simple salad, and vice versa, and in that way, with such a wealth of material to select from, even those with real appetites will be satisfied.*

## *Midnight Feasts*

Wafers.*

## ❧ MAYONNAISE ❧

**P**LACE in a shallow plate the yolk of one egg, and beat well with a silver fork. Add drop by drop, stirring constantly, about a half-pint of olive-oil. When it is thick and jelly-like cut with a tablespoonful of vinegar or lemon-juice and season with a saltspoonful of salt and pinch of cayenne. Have plate and all materials very cold. Should the egg curdle and obstinately refuse to thicken commence on another plate with a fresh yolk, and after it begins to thicken the curdled mayonnaise may be slowly added.

## FRENCH DRESSING

**O**NE saltspoonful of salt and half a saltspoonful of pepper, beaten with three tablespoonfuls of olive-oil; when thick and creamy, add slowly one tablespoonful of vinegar or lemon-juice. This should never be mixed or put over the salad until the moment it is to be eaten. If liked, a teaspoonful of scraped onion can be added.

All lettuce and uncooked vegetables should be very fresh, well

washed, thoroughly dried and put aside in some cold place until they are perfectly crisp. Use only the best pure olive-oil.

## ASTORIA

**W**RAP a small piece of salmon in a cloth and steam until tender. Pull the skin off while hot, press into shape and put on ice. Arrange the center hearts of lettuce on a platter, with cut slices of hard-boiled egg for a border. Place the salmon in the center, pouring on top a mayonnaise made green by mixing with it the juice of cold boiled spinach, pressed through a sieve. Over all sprinkle capers.

## BALTIMORE

**C**HOOOSE the small California oysters, so as not to cut them. Turn off the liquor, wash and drain, and to every cupful of these add a cupful of crisp white celery, cut into half-inch bits, and then split lengthwise. Mix these with mayonnaise dressing and put on the ice. When ready to use line the salad bowl with lettuce leaves, put the salad on top, garnished with pitted olives cut in half, and serve with mayonnaise.

## ❧ BARATARIA ❧

**S**HELL freshly boiled shrimps and put immediately on ice until ready to use. Then make a bed of the white crisp leaves of lettuce on a rather flat salad dish, lay the shrimps on top and cover with mayonnaise dressing. Serve with it lettuce sandwiches.

## ❧ BOHÈME ❧

**S**CALD large oysters in their own liquor just long enough to make them plump; drain and put on the ice. When ready for use lay each one on an ice-cold lettuce leaf, and sprinkle with finely cut cooked mushrooms. Put a spoonful of mayonnaise on the leaf and one stuffed pimento. Grate a little cheese over thin water wafers, put in the oven, heat and send to the table with the salad.

## ❧ DEVONSHIRE ❧

**B**OIL fresh halibut for ten minutes in salted water, drain, and flake. When ice cold lay on a bed of lettuce and garnish

with round slices of cold boiled potato and rings of lemon. Pour over it the following dressing: Take the yolk of a hard-boiled egg, put in a bowl and work smooth with one-half teaspoonful of salt and mustard each, add one cold boiled, mealy potato, mash smoothly, and by degrees two dessert-spoonfuls of cream, and two of oil (or four of oil). When all are well mixed put in one tablespoonful of vinegar.

## EN RÉGLE

**D**ISSOLVE a half-box of gelatine in three tablespoonfuls of cold water; add the juice of two lemons, half-pint of boiling water and a pinch of salt. Strain and turn into a ring mold, scattering a cupful of picked shrimps through it, and put on the ice. When firm the mold is held over boiling water for a moment to loosen it, and is then turned out on a bed of lettuce leaves, which are arranged on a round, flat platter. The rest of the shrimps are piled in the middle with tiny heart leaves of the lettuce. Serve with rich mayonnaise and decorate with cut lemon.

## FISHERMAN

**C**OOK fresh perch in boiling salted water until tender, drain and put on ice. When ready to serve flake the meat, and mix with shredded lettuce. Over the top place hard-boiled eggs cut in quarters and parsley cut fine. Serve with French dressing and lemons cut in quarters.

## HADDON HALL

**B**OIL shad roe in salted water, with a slice of onion, for fifteen minutes; drain and pour over it a little vinegar and rub until the grains are separated. When ice cold mix with crisp shredded lettuce and French dressing and fill tomato shells. Serve on lettuce leaves, decorated with nasturtium leaves and blossoms, and more dressing. Make nasturtium sandwiches to go with this.

## HARLEQUIN

**C**LEAN, skin and stew frogs' legs until tender; take them out of the water and cook them in milk for a few minutes to whiten. Remove bone and put in

ice-box. When ready to serve use an equal amount of shredded tender lettuce, and a few leaves of watercress; mix with mayonnaise and turn on a bed of lettuce, and garnish with little tufts of celery tips, alternating with lemon and hard-boiled eggs, quartered lengthwise.

## HOCHHEIMER

**W**ASH, skin and bone salted anchovies, removing heads and tails; drain and dry them and shred with the fingers into tiny fillets. Cut a small crust of bread, sprinkle it with salt and rub with a clove of garlic and put it in the bottom of the salad bowl; fill with the crisp hearts of the lettuce and pour on the oil in which the salt and pepper have been dissolved, toss all up together until every leaf is thoroughly covered with oil and then squeeze on the juice of a lemon; remove the "chapon" (the crust) and put the anchovies on top, with slices of hard-boiled eggs and quarters of lemon. Serve with this brunetts, which are made of thin slices of brown bread spread with Neufchâtel cheese, put together like sandwiches, trimmed and cut in squares.

## ❧ HUNGARIAN ❧

**T**AKE small potatoes, boil and peel while warm; slice very thin with a silver knife, and to a pint of potatoes, mince one small onion, one pickled beet, one fresh cucumber sliced, a Dutch herring, four sardines and a spoonful of minced cold boiled ham. Mix all together and put on ice. Serve on lettuce leaves, with French dressing, and garnish with walnut pickles.

## ❧ NEWBURG ❧

**R**EMOVE the meat of a lobster, reserving the creamy fat adhering to the body shell and the coral. Shred the lobster with a silver fork and cut the tender white part of celery into pieces the same size, allowing one-third as much as the amount of meat. Arrange the crisp, dry white lettuce leaves in the center of an oval platter, with the larger green on the outer edge, decorated with the claws. Mix the lobster meat and celery together with enough mayonnaise to moisten it, and heap in the center. The coral pound and pass through a sieve and mix

with the remaining mayonnaise. Pile this red dressing on top and put all on ice till ready to serve.

## NIPPON

**W**ASH shell-mussels clean, using a brush. Place them in a wire basket, and set in boiling water. When the shells open lift the basket, remove from the shells and drop them into hot melted butter, seasoned with salt, pepper and lemon-juice. Set on the ice, and when ready to serve mix with shredded lettuce and French dressing. With it serve thin buttered sandwiches of Boston brown bread.

## PICNIC

**P**ICK out the meat from a fresh, well-boiled crab, shred with the fingers and set on ice. Prepare a third as much celery as crab, by splitting and cutting in half-inch lengths, and put in ice-water. When ready to use arrange the lettuce in flat dish and on this lay the crab, and the celery wiped dry. Sprinkle a little cayenne and salt over this and serve with rich mayonnaise.

## ❧ REGIS ❧

**S**ELLECT medium large tomatoes of uniform size, remove the skins and carefully cut a piece from the top large enough to scoop out center, which is filled with small shrimps or chopped large ones, mixed with the tarragon mayonnaise. For the mayonnaise wash the tarragon leaves and put in boiling salted water for ten minutes, cool, squeeze dry and work through a sieve. Color the mayonnaise with this; or use the tarragon vinegar in mixing mayonnaise; or chop the tarragon leaves very fine and mix in the mayonnaise.

## ❧ REMOULADE ❧

**P**ICK the shell from a fresh-boiled crawfish and have enough meat to make a cupful; to these add a half-cupful of cold cooked asparagus tips; toss lightly together and season with salt and paprika and put on a bed of lettuce leaves. Pour over it a dressing made of the yolks of two hard-boiled eggs, rubbed smooth, with sufficient oil to make it like thick cream; thin with a little

lemon-juice and season with salt and white pepper. Garnish the dish with the white rings of the hard-boiled eggs, and have all icy cold.

## ❁ RHODE ISLAND ❁

**P**LACE a half-pint of scallops in cold salt water for an hour, and then cook them for twenty-five minutes; drain, and marinate them by sprinkling over them one tablespoonful of vinegar, two of lemon-juice, and a pinch of salt; let them remain overnight on the ice. When ready to serve, make a mound of finely shredded cabbage, celery and green pepper, placing the cut scallops on top and decorating with pickled peppers and pimolas. Use a boiled cream mayonnaise, which is made by beating the yolks of three eggs lightly and adding one tablespoonful each of thick sweet cream, fresh butter and lemon-juice; one teaspoonful each of sugar and made mustard, a little celery salt, salt and pepper. Put in a double boiler and stir constantly until it thickens. This dressing is generally made the day before and kept on ice until needed.

## RICHARDSON

**S**TOKE ripe California olives to make a pint, and cut in half; to this add two pickles cut fine, and one cupful of small California oysters, washed and drained. Have a bed of lettuce leaves on rather a flat platter, with a square of ice in the center. Make a square hollow in the ice with a hot flat-iron, wipe dry and put the salad in this. Serve on lettuce leaves with mayonnaise, to which a spoonful of freshly grated horse-radish has been added. Pass with it pickle sandwiches.

## TREBOUL

**P**UT a half-dozen eggs on in cold water and boil half an hour. Take from fire and put in cold water and let them remain until thoroughly cold. Remove shells and cut each egg in half with a thread held taut. Remove yolks, put in a bowl and rub to a cream; add one-quarter teaspoonful dry mustard, dash of cayenne, salt, a little lemon-juice and twelve sardines scraped fine, after removing skin and bone. Mix smooth and return this to the

empty halves of the eggs. Cover the bottom and sides of salad dish with crisp lettuce leaves and lay the half-eggs in circle on top, with mayonnaise in center.

## 🍇 BANTAM 🍇

**C**UT hard-boiled eggs in half; remove yolks and mash smooth; add an equal bulk of canned deviled chicken or turkey and moisten with mayonnaise. Shape into balls and fill center of eggs again, and press together and put on ice until ready to serve. When ready lay the whole eggs in a circle on a nest of crisp lettuce leaves, with mayonnaise dressing heaped in the center; garnish with capers and nasturtium leaves and blossoms.

## 🍇 DAISY 🍇

**T**AKE the shells from hard-boiled eggs while hot and put them in warm beet-juice and water, and let stand until colored a delicate pink. Make a bed on each individual plate of small lettuce leaves by placing together the stem ends in the center. Cut the eggs in half, lengthwise, remove the yolks whole and place each half in the center over the ends of the lettuce leaves; around this arrange the pink white of the egg, cut in narrow oval lengthwise strips to resemble the

petals of a flower. Put on ice, and just before serving pour over it a rich French dressing. Serve with this salad, Welsh sandwiches, which are made by rubbing together one part sweet butter and two parts mild soft cheese, flavored with tarragon vinegar, and putting between thin slices of bread.

### ŒUFS FRANCIS

**C**OVER the eggs with cold water and let boil for half an hour; remove and douse in cold water until thoroughly chilled, then cut in half, lengthwise, and put yolks into bowl, with a large spoonful of butter, and mash smooth; add a few cracker-crumbs and one cold boiled French carrot, chopped fine; season to taste with lemon-juice, salt and paprika. Return this mixture to the white shells and lay all in a nest of crisp lettuce leaves. Serve with this salad on each plate a small, thin slice of cold broiled ham.

### RÔBÈRT

**B**OIL eight eggs very hard, cut each in half, take out yolks, and mash to a cream. Add a piece of butter the size of an

egg, a half-teaspoonful each cayenne pepper and salt, one teaspoonful Worcestershire sauce, one tablespoonful of chopped parsley and five cents' worth of shrimps chopped fine. Mix well and fill the empty whites with this mixture. Select sixteen large, fine tomatoes, and after skinning, put them on ice to have as cold as possible. Hollow out center, and sink in each the half of a stuffed egg. Serve on lettuce leaves, arranged so that every two will be in round, cuplike shape, on which is placed a tomato. Serve with mayonnaise sauce, seasoned with two drops of onion-juice.

M E A T

## BLINGAM

**R**UB each plate with garlic, and put on it one thin slice of cold boiled ham. Just before serving, tear lettuce leaves into pieces and toss up in salad bowl with French dressing, and serve on the ham.

## JOHANATHAN

**P**UT a pint of Lima beans into just enough boiling salted water to cover them, and boil slowly until tender. Drain off the water; add three medium-sized cold boiled potatoes, cut into thin slices, one stalk of celery chopped, one peeled uncooked sour apple sliced and a little cold boiled beef-tongue cut in wafers; mix with French dressing and put in the refrigerator. At serving time lay on crisp lettuce leaves and garnish with parsley and rings of hard-boiled eggs, having round pieces of red pickled beet cut and fitted into the center of each yolk, and pour over more dressing.

## MOUSSE

**B**OIL a chicken the day before needed and pick from the bone, strain a cupful of the stock and season with salt, white

pepper, celery salt, and one tablespoonful of sherry; put on the fire, and when hot stir in a cupful of the chopped chicken, and lastly the yolks of two eggs well beaten. Take instantly from the fire, and add one tablespoonful of gelatine, which has been dissolved in a little water. When cool put in a cupful of whipped cream and the whites of three eggs beaten stiff; beat all together with an egg-beater until nearly cold, and then put in a mold and set on the ice. When ready to use turn from the mold on a bed of lettuce leaves, and serve in slices, laying each on a lettuce leaf with a spoonful of mayonnaise dressing.

## OLD VIRGINIA

**R**UB a young fowl with pepper and salt, put an onion inside and steam until tender. When cold separate the meat from the bone and tear into tiny bits. To one cupful of chicken, allow one-half cupful of crisp white celery, cut into half-inch lengths and then into strips. Mix the chicken and celery together with a little mayonnaise. Heap this mixture in the center of the salad bowl, with the

fresh white tops of the celery leaves arranged about the edge. Pour the remainder of the mayonnaise on top and put in the refrigerator until time to serve.

## PIEDS DE COCHON

**W**ASH and clean pigs' feet, place them in a kettle with two onions, two carrots, one celery stalk sliced, some thyme and laurel, cover with cold water and allow to cook until tender, which will be about four hours. Let them remain in this water until cold, then remove and place on ice. When ready for salad, line dish with lettuce leaves, cut the pigs' feet into tiny bits and mix with chopped parsley and young onions, lay on the lettuce and pour over all a French dressing.

## POLISH

**C**UT the meat from cold game and make into convenient bits; moisten with French dressing and put on the ice for several hours. When wanted make a bed of the long crisp leaves of Romaine lettuce on a flat dish,

stem ends all in the center. Arrange a chain-like pattern on the outer edge of the lettuce of the whites of hard-boiled eggs cut in rings, and pile the game in the center. Over the whole sprinkle the yolks, put through a vegetable press, and serve with French dressing.

### RUSSIAN

**C**UT cold roast beef into little dice about the size of a pea, and with it cut up fine, thin, crisp slices of cold broiled bacon; add a little chopped sweet Spanish pepper. Put the lettuce leaves on a platter and pile the mixed salad in the center, with cut pickles and olives on the edge. Serve with French dressing.

### WEST POINT

**B**OIL an onion and stalk of celery for twenty minutes in one pint of tomatoes, strain and pour upon one-half box of gelatine, which has been soaked one hour in one-half cupful of cold water; season with salt and cayenne, put in a mold, and on ice. When

cold and firm turn from the mold on a bed of lettuce leaves, making a hollow in the center of the jelly and filling it with chicken salad covered with mayonnaise.

# VEGETABLE

## ARMY CUPS

**C**UT the roots off the celery heads and boil until tender.

Drain, take off rough outer stalks, and scoop out a little of the center with a sharp knife. Fill this cavity with a spoonful of cold boiled peas, drained perfectly dry, and place the cups on ice. When icy cold, and just before serving, cover the entire top of each with mayonnaise, and place on a bed of the crisp top leaves of celery and garnish with parsley and cut lemon.

## BOSTON

**S**ELECT the small white bean; soak overnight, and boil in salted water until the skins blow off; drain and put on ice. Cut tomatoes, peppers and onions in small pieces to make one-half the quantity of beans. Rub the bottom of the salad bowl with garlic, and put in the yolks of two hard-boiled eggs (not boiled too hard), one-half teaspoonful of dry mustard and a little salt. Work well together, gradually adding oil until very thick; thin with a little tarragon vinegar. Mix the ice-cold artichokes and truffles with a little of the dressing and put on top.

### COLUMBIA

**S**ELECT fresh medium-sized cucumbers. Cut off the blossom end and rub the two pieces together briskly until a

white foam comes. This is to take out the bitter, if there be any. Peel, scoop out all the seeds, and lay the empty boats in ice water. Cut up fine one large peeled tomato, a stalk of celery, a small onion, a little green pepper and a sprig of parsley. Mix these all together with mayonnaise and put on ice. When ready to serve, fill the boats with this mixture, lay on lettuce leaves, and heap on top of each a big spoonful of mayonnaise, which has been colored green by adding a little spinach-juice, which can be made by boiling a handful of spinach, without water, in the inner part of a double boiler, and squeezing through a cloth.

Garnish with rings of hard-boiled eggs.

Roll six soda-crackers, and mix with them two tomatoes skinned and cut fine, one Spanish onion and one red pepper chopped fine, a spoonful of Worcestershire sauce, salt and enough oil to moisten. Take the pepper shells from the ice water, wipe dry and polish, and fill with this mixture, fitting the cover on top, and put them on the ice at least two hours before serving. Put the cabbage in the salad bowl and pour over it a rich French dressing, tossing it about until every part is covered with oil; sprinkle the sorrel over the top and serve at once with hot deviled crackers. CHAFING-DISH  
R E C I P E S

OYSTERS • MUSH-  
ROOMS • FISH • MEAT  
FOWL AND GAME  
EGGS • CHEESE  
SWEET

THE chafing-dish possibilities are unlimited. To the epicure it insures good service and hot dishes; to the woman who does her own work it is the most convenient of all utensils, and is valued by the amateur for the fun of it, and seems always a synonym for hospitality and an appetite.

It is placed on a metal tray for safety and cleanliness, and one with a lower pan for hot water is almost a necessity, in cooking, and to keep the dishes warm.

Most of the foods for the various dishes are prepared beforehand in the kitchen and placed, with the seasonings needed, conveniently at hand in dishes and on trays.

# OYSTERS

## ✧ AUNT DINAH ✧

**S**CALD four cupfuls of milk with a slice of onion, two stalks of celery, two blades of mace, a sprig of parsley and a bay leaf. Remove the seasonings and add the strained liquor from a quart of oysters, pepper and salt, and two tablespoonfuls of butter creamed with two of flour. Cook all together, and then put in the oysters and cook until they are plump and the edges begin to curl.

## ✧ BATTER LOAF ✧

**M**IX four tablespoonfuls of sifted flour, one of olive-oil, a little salt and the beaten whites of two eggs; add enough warm water to make a rather thick batter. Take two dozen large oysters, dry them on a soft cloth, dust each oyster very lightly with salt and pepper and dip separately into the batter and fry a golden brown in deep olive-oil. Serve on a napkin with sliced lemon.

## ✧ BUNDLES ✧

**C**UT nice, even slices of the breast of cold roast turkey; over each piece lay a thin shaving of bacon, and put on top of each piece of bacon a large, fat oyster. Roll these bundles up and tie securely, season with pep-

per and salt, and place in the pan with melted butter. Cover and cook long enough to cook the bacon, basting frequently with the melted butter. Serve with a sprig of parsley on each one and pour over the brown gravy thickened with a little flour.

### ✧ COCKTAIL ✧

**T**AKE a pint of small oysters with the liquor that comes with them; add a cupful of tomato catsup, the juice of two lemons, one tablespoonful of Worcestershire sauce, salt and six drops of tabasco. Heat in the chafing-dish and serve hot in cocktail-glasses.
